My Favorite Dress

By Susan Gaer

My name is Susan Gaer. I was born in New York State and now live in Southern California. My favorite dress is a purple dress that I wore on my wedding day. I have worn it for many special occasions as well, but it was purchased to wear on my wedding day. This is why I call it my favorite dress. I bought the dress in Macy's one week before my wedding. I can remember shopping with my friend Grace Tanaka to pick it out. There were so many dresses, but this was the only one that struck me. I loved the color.

ankle-length sleeveless dress made of purple silk. It has white sequins all over it. It has a low diagonal waistline that runs the width of the dress.

When I wear this dress, I always think of my wedding day eleven years ago. Although I can no longer wear it, I still keep it in my closet. Every time I am looking for something to wear, I pass by the dress that reminds me of this most wonderful day.

My name is Naeem Momand. I was born in Afghanistan and now live in Orange County, California.

This is a picture of my favorite vest. This is homemade by my cousin Ariana Momand. She used black and red yarn, it has circle sequins in the middle of black yarn.

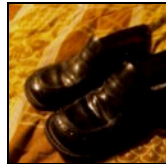

And she gave it to me as a gift. Vest is useful cloth for Afghans daily life. It has deep and hidden pockets, which are needed to hide cash and other items. Because most trade is done by cash in Afghanistan. I wear it on every Afghani party.

By Nhan Huynh

My favorite piece is a dress. This is not a dress for a formal event but it's just a summer loosely dress. It is a knee-length, sleeveless, black dress with a small pink flower pattern. I think it is made of cotton mixed with some polyester. This mixture makes it is not only breathable, but also very easy to care for. It doesn't need dry cleaning, or ironing and it dries very fast when you hang it after washing. I got this dress from Ross in Las Vegas. Although I can not remember how much I paid for it, I don't think I had to pay over \$20 for it, especially after I had lost almost one hundred dollars gambling! I love this dress because it is very comfortable, it makes me feel relaxed in hot summer days and it always remind me, if I had not lost in gambling, I could by five dresses. So why did I gambling?

My Favorite Shoes

I love these shoes since the first day I got them. My mom sent me these shoes from Mexico about 2 years ago.

They are made of black leather. These shoes are made in Leon Guanajuato Mexico. I remember when I first got them they had the leather smell.

I like to wear them with a pair of blue jeans. My cousin calls them "The Mickey Mouse shoes", because they look like his, but I still love them.

They are very comfortable and every time I wear them I remember my mom.

My 'white coat' fit me loosely so that I felt very comfortable in moving along the hospital's wards to visit my patients, except for the time I had to take it off in the operating room. Today, although I have no opportunity to wear it, I still keep it carefully with my stethoscope in my closet and hope one day, I will use it again. My friend gave them to me and I never wore them for special occasions, I wore them only for every day use. I had recently arrived from Mexico and I didn't bring any kind of clothes to wear here. I didn't have money to buy anything and I didn't have a job either. When you are illegal, it is difficult to find a job. These pants are made of blue cotton, have four pockets, have an adjustable waist, blue flannel inside and are warm. They were designed especially for use in the winter because they are very warm.
